Piloting BOEING 757 out of ICELAND

LTEN11 wrote:This would have to be a cargo operation.As much as I like the 757 and 767, you do not start a passenger airline in this age with them. That's what I was thinking, COVID has only sped up the Inevitable retirement of already aged airframes and soon the only work for 757/6 pilots will be cargo and one or two remaining European leisure airlines.
